## Frontend-Heavy Fullstack Developer

0761022971 • joakim.wahman@gmail.com • Falköping, Sweden • linkedin.com/in/jockewahman

Front-end-heavy fullstack developer with 10+ years of professional programming experience. My strongest area is modern frontend development, backed by hands-on experience in backend, mobile, analytics, and product development. I take a pragmatic, solution-oriented approach and am comfortable taking ownership beyond my core area when it helps move the product and team forward.

### SKILLS

#### Frontend

React Next.js  
Angular TypeScript  
JavaScript Tailwind CSS  
HTML CSS

#### Backend / Platform

Node.js C# .NET  
Java

#### Mobile

Flutter React Native  
Android

#### Specialized

Server-side tracking  
A/B testing Analytics  
Design systems  
Excel VSTO  
Excel COM API

### LANGUAGES

Swedish • English • Spanish

### WHAT DRIVES ME

**Problem solving is what drives me.** I like being useful wherever I can make a difference, which has naturally led me to build a broad technical skill set across frontend, backend, mobile, analytics, and product development. I'm comfortable stepping outside my core area when needed, adapting quickly to new challenges, and finding pragmatic solutions that move the product and the team forward.

### WORK EXPERIENCE

#### Full Stack Developer

Nov 2025 - Present

##### Abelian Group AB

- Develop and maintain a high-performance Excel VSTO add-in using C# and .NET.
- Optimize performance and solve complex challenges related to Excel's COM API.
- Contribute to tracking and marketing infrastructure supporting data-driven product and growth decisions.

#### Senior Software Developer

Jan 2023 - Nov 2025

##### Optique Nordics AB

- Sole Frontend Developer in a fast-growing startup, building and maintaining applications with Next.js, React, and Tailwind CSS.
- Worked across product development and growth engineering with broad technical ownership.
- Implemented advanced tracking, A/B testing, and ad-platform integrations to improve measurement, performance, and user experience.

#### Developer

Mar 2021 - Jan 2023

##### Dataväxt AB

- Brought frontend expertise into backend-heavy teams and resolved complex, long-standing issues, including Google Maps functionality.
- Designed and implemented a reusable component library / design system to streamline development and improve UX.
- Contributed to a new Flutter app, including responsibility for iOS-specific issues.

#### Android & Web Developer / Team Lead

Jan 2015 - Mar 2021

##### The Farm AB

- Worked across web and mobile development, building optimized campaign pages and Android apps with in-app purchases and client-specific variants.
- Developed payment flows in React Native applications.
- Worked independently with responsibility for planning, prioritization, delivery, and client communication.

### CORE STRENGTHS

**10+ years**  
Professional development experience

**Problem solver**  
Pragmatic and curious

**Flexible**  
Broad technical base

**Team-minded**  
Moves work forward
